

Observe the timeline below, which depicts the release dates of movies in the Marvel Cinematic Universe.

1. Suppose the creators forgot to place a movie that came out January 1st, 2015 on the timeline. Place the movie on the timeline. Describe how you knew where to place it.

2. You are given a beanstalk, whose height is 1 cm on day 0, that grows by a factor of 3 each day. Create a timeline that shows the growth of the beanstalk for 4 days. Include units.
