

Task: Identify patterns in the table of recorded races when the red car goes at the same speed as the blue car, which travels 10 miles in 4 minutes.

1. Examine the table of races you recorded in Lesson 2. Look at the number of minutes and the number of the miles that the red car travels when it goes at the same speed as the blue car, which travels 10 miles in 4 minutes. Look for a pattern. Write it below.

2. Look for another pattern in the table. Write it below.
